

## Job Posting

### CLINICAL MANAGER – PROFESSIONAL SERVICES, SASKATCHEWAN AND MANITOBA

Homewood Human Solutions™ is seeking an experienced registered psychologist or mental health clinician to serve as Clinical Manager, Professional Services, for Saskatchewan and Manitoba. The position involves a combination of management and clinical work.

This position will report to the Regional Director of Professional Services, Central Canada and be based in our Saskatoon office preferably but will also consider option of the position being based in Winnipeg.

#### Main responsibilities:

- Work collaboratively with the Professional Services team and other departments
- Manage a clinical network of service providers in Saskatchewan and Manitoba
- Provide clinical supervision to staff clinicians in difference offices
- Provide clinical services that may include counselling, proactive mental health care, after care planning, assessments, trauma intervention, case management, professional consultation and workshops (direct delivery requirements; i.e. number of hours/week to be discussed further)
- Oversee quality assurance and best practice protocols
- Occasional on-call response and after-hours availability shifts
- Minimal travel will be required

#### Qualifications:

- Master's degree in Psychology, Social Work, Education, or equivalent, or PhD in Counselling or Clinical Psychology
- Minimum 5 years counseling experience including 2 years in a supervisory role
- Must hold valid certification or registration with their provincial governing body
- Expertise in solution-oriented counseling and knowledge of EFAP services, including assessment, crisis management services and critical incident response.
- Strong knowledge of process, research and best clinical practices regarding mental health, impact of psychological issues and workplace dynamics
- Ability to proficiently use Microsoft Office (Windows, Word, Excel, PowerPoint)
- Excellent verbal and written communication skills, French skills is an asset

#### Attributes:

- Creative and consultative-minded clinician
- Good people management skills to motivate a performing team
- Strong ability to work within a team
- Excellent communication skills both verbal and written
- Ability to identify opportunities to add value to Professional Services team
- Exceptional customer service delivery
- Strong organizational and time management skills
