Dear Karen Wasylenka:

Please find enclosed a certificate proclaiming March 15-19, 2021, as Social Work Week in the province.

I am pleased to designate the week to promote and celebrate the profession and the theme of "Social Work is Essential". The Government of Saskatchewan recognizes and is grateful for the many contributions of social workers across Saskatchewan.

I have advised staff in the ministry's Communications Branch of your offer to work with them to plan for promotion of Social Workers Week.

Thank you and all registered Social Workers for the great work you do for our communities and the people of Saskatchewan.

Sincerely,

Lori Carr
Minister of Social Services
